Table notes

Footnotes All categories show rank numbers except "Female participants (%)", which

shows the percentage. Some 300 points separate the top school from the school ranked number 75. The schools are divided into three groups, indicated by bold lines. The difference in score between schools ranked consecutively is greater within groups one and three than in group two. The top 14 schools, from IMD to Washington University: Olin form the elite group of providers of open-enrolment programmes. The second group spans 52 places from Esade Business School to Audencia Business School. The third group of 9 schools is headed by Irish Management Institute.
